

Dexter High School

Dexter Community Schools, Washtenaw County

Client: Dexter Community Schools
7714 Ann Arbor Street
Dexter, MI 48130
Mr. Don Price, Director of Building and Grounds
734.424.4100

Project Description

Performed survey and engineering design of off-site road improvements on Parker and Shield Roads to provide access to the new Dexter High School. The work included an initial study of potential road improvements and costs for improvements at four (4) intersections. The off-site road improvements included the 1-mile widening of a rural two-lane road to a three-lane road with three school entrances and traffic signals.
