

Arbor Development Building Addition

Pittsfield Township, Washtenaw County

Client: Rand Construction
1270 Rickett Road
Brighton, MI 48116
Mr. Andy Klein
810.227.7011

Project Description

Arbor Development had to expand their building by 50% to handle their increased sales. Working with Rand Construction, Boss developed a site plan that included a 6,135 s.f. building addition, required parking spaces, extensive landscaping and a storm water management plan to meet the needs of the our client and the township requirements. Due to the type of work taking place in the building, large trailers had to have access to the new loading dock area. Boss worked with our client to develop a circulation path on the property to handle the vehicles.
