

Clyde Road Survey

Livingston County

Client: Livingston County Road Commission
3535 Grand Oaks
Howell, MI 48843
Mr. Rick Little, Director of Technical Operations
517.546.4250

Project Description

In December of 2007, Boss Engineering performed a survey of over two miles of Clyde Road in Livingston County. This project included reconnaissance and recovery of thirteen Public Land Survey Corners, and numerous property / right-of-way markers along the proposed impact area. The corners were located relative to a horizontal control network referenced to the Michigan State Plane Coordinate System. Field notes, coordinate data and drawings were delivered to the Livingston County Road Commission for preservation of the corner points during future construction.
